

## Country-Specific Info 2018

### United States of America

Total number of higher education institutions (universities) included in U-Multirank

231

#### A. University coverage

U-Multirank's 2018 edition presents data on 231 US higher education institutions.

**New this year:** U-Multirank has created a new 'Study in...' section highlighting study destinations for students. To explore 'Study in the US', follow this [link](#).

For the full list of all universities from the US included in U-Multirank, please follow this [link](#).

\*Please note the list is sorted in alphabetical order by countries and then university names.

#### B. The USA's higher education performance in U-Multirank

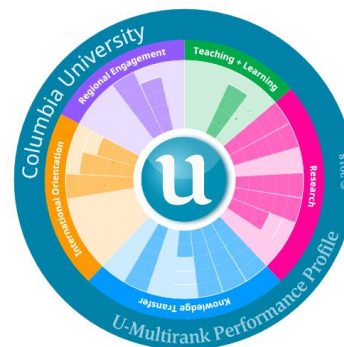

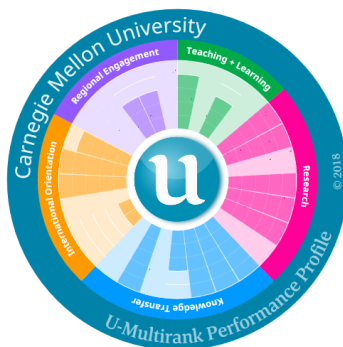

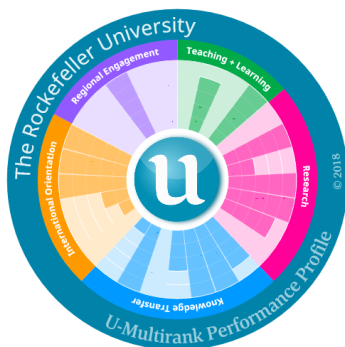

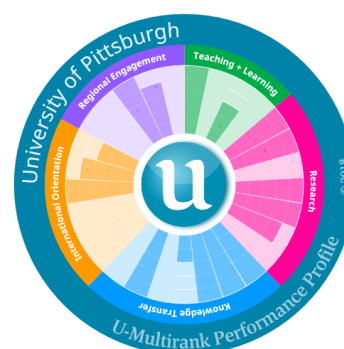

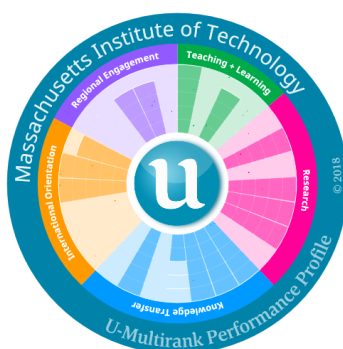

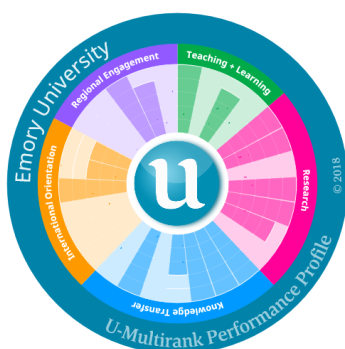

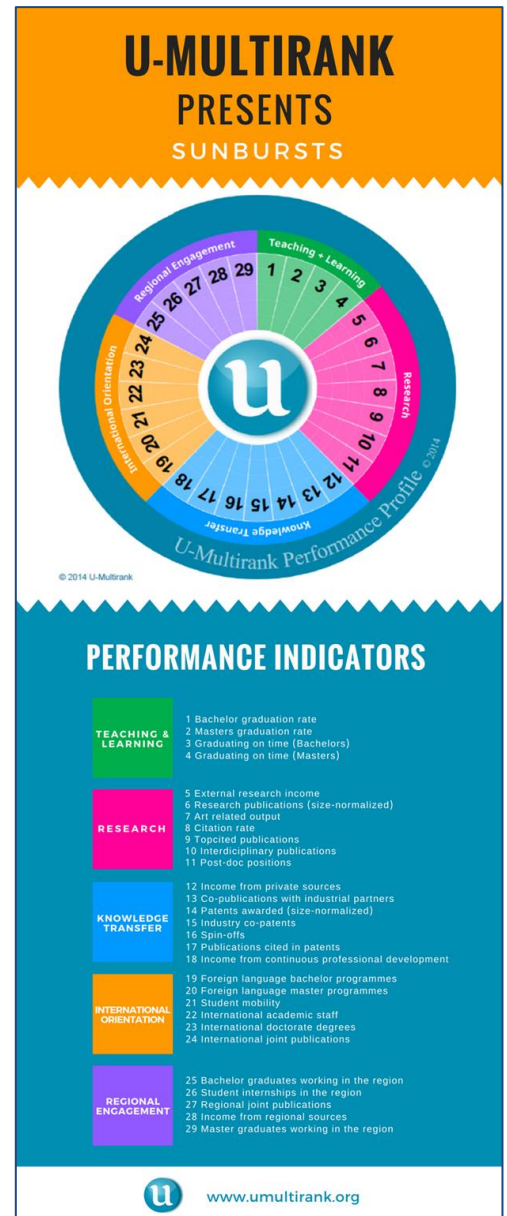

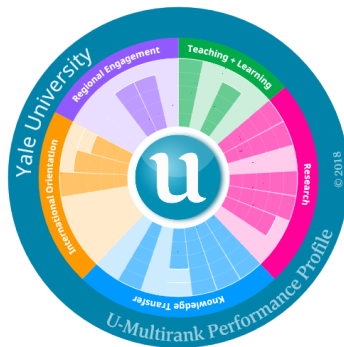

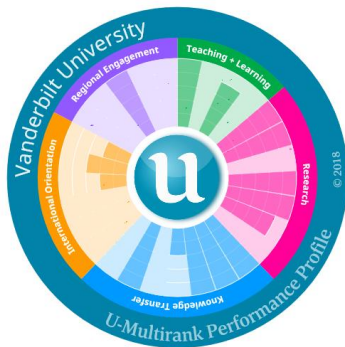

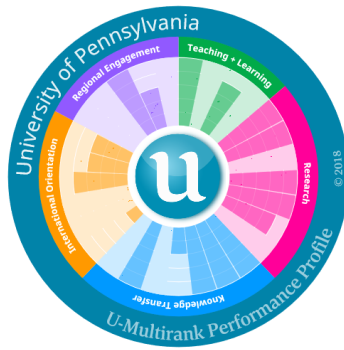

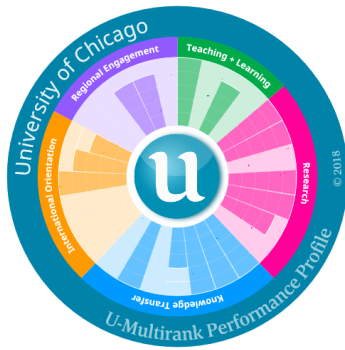

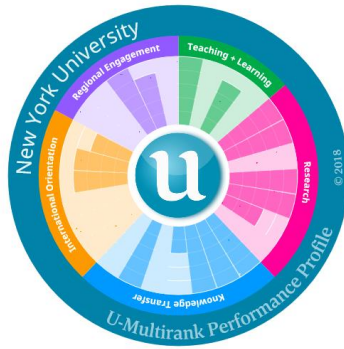

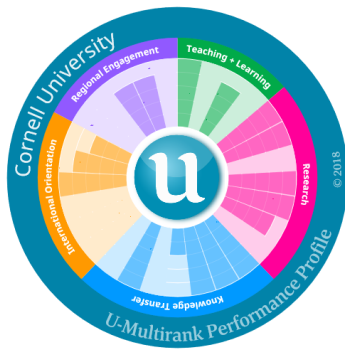

1. U-Multirank presents data on 231 US universities.
2. Globally compared, US institutions perform very strongly in Teaching and Learning, Research, International Orientation and Regional Engagement.
3. 39 US universities received 10 or more (up to 13) global top group positions across all indicators.
4. In U-Multirank's top 25 universities lists for the 2018 edition, US universities achieved 40 spots – nearly 20 per cent of all listings – the highest total number of listings for any country in U-Multirank.

## C. Universities with the highest number of overall top scores

In this section we highlight the five universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country (*in the event of ties, more universities will be shown*). **Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).** Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths. A key guard is provided for the sunburst chart. For a list of definitions and calculations of indicators, see our [Indicator Book](#).

US universities with the highest number of overall top scores in 2018	Total 'A' scores 2018	Total 'A' scores 2017
Emory University	13↑	7
Massachusetts Institute of Technology	13↑	10
University of Pittsburgh	13↑	8
The Rockefeller University	13↑	11
Carnegie Mellon University	12↑	8
Columbia University	12↑	8
Cornell University	12↑	8
New York University	12↑	7
University of Chicago	12↑	7
University of Pennsylvania	12↑	8
Vanderbilt University	12↑	6
Yale University	12↑	8

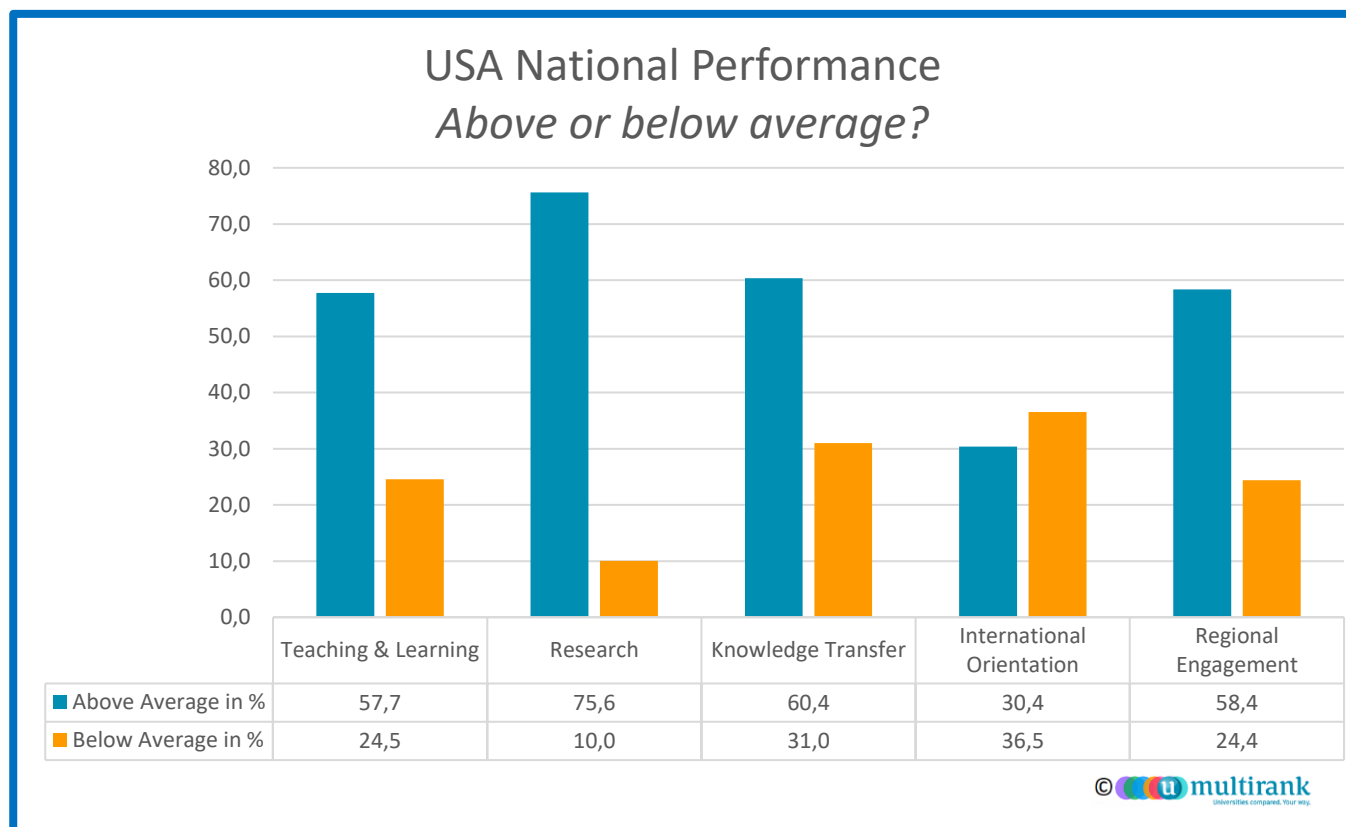

## D. National performance: above or below average?

In this section we highlight the overall performance of US universities on the institutional level per U-Multirank dimension. The below table shows the national breakdown of US universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

US higher education institutions perform strongest in U-Multirank's Regional Engagement and Research dimensions.

## E. Top 25 performers lists

In this section, U-Multirank presents the global Top 25 performers in a set of 9 indicators measuring different dimensions of performance. These lists highlight the 25 top-performing universities from around the world with the highest scores.

US universities that have achieved a global Top 25 score are listed under the respective categories:

### Detailed results:

If you want to analyse further the performance of the universities in your country you can click the following links. The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data. If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at [info@umultirank.org](mailto:info@umultirank.org). These links are also accessible via your country's 'Study in' page.
