Ukrainian Universities in Global Comparison

U-MULTIRANK 2020

U-Multirank is a unique, multi-dimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement. It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from 'A' (very good) to 'E' (weak) across the different areas.

U-Multirank's 2020 edition presents data on 69 Ukrainian higher education institutions. For the full list of all universities from Ukraine included in U-Multirank, please visit our website.

WHICH ARE THE TOP PERFORMING UNIVERSITIES IN UKRAINE?

Sumy State University received the highest number of 'A' (very good) scores on the institutional level for Ukraine in 2020.

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country.

Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Ukrainian universities with the highest number of overall top scores in 2020	Total 'A' scores 2020	Total 'A' scores 2019
Sumy State University	11 ↓	12
Kharkiv University of Humanities "People's Ukrainian Academy"	9 =	9
Kharkiv National University of Radio Electronics	9 ↑	7
Taras Shevchenko National University of Kyiv	8 ↓	9
National University of Ostroh Academy	8 ↓	12
Sumy National Agrarian University	8 ↓	12
"Zaporizhzhia Polytechnic" National university	8 ↑	7
Zhytomyr Polytechnic State University	8 =	8

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.

WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

(1) teaching and learning, (2) research, (3) knowledge transfer, (4) international orientation and (5) regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University, Fundacion CYD and Folge 3. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
